ORIENT PLANS TO REBUILD 27 BRIDGES

Chihuahua, Chih., Mexico, Oct. 17.—The Orient railroad contemplates repairing at an early date the 27 bridges on its line which were destroyed by "rebels" a short time ago.

According to J. P. Trevino, manager, and W. L. Chupria, the receiver's representatives in this territory, arrangements have been made to purchase the needed supplies for this work.

Most of the bridges have been cribbed which permits trains passing over them while "shoe-flys" have been built around those impossible to repair temporarily for traffic.

SOLDIER HOLDS UP TRAFFIC WITH A GUN

Is Knocked Down by Motorcycle Officer and Gun Is Found to Be Without a Load in It.

"I am detailed from the post to guard this line, and my orders are not to allow anyone to cross it," was the declaration alleged to have been made by J. T. Thompson, a member of the Second cavalry band, to motorcycle policeman Crawford, when the latter accosted him Wednesday afternoon in front of the El Paso laundry, on Santa Fe street. Thompson, it was said, had a single barreled shotgun, fully loaded, and this he placed against the officer's stomach, warning him not to interfere. Crawford was still seated on his motorcycle, and he asserted that he thought "this time and come. He finally succeeded in pushing the gun in the air and knocking the soldier down. The officer declared that after he had subdued Thompson, Charles T. Ollinger, another soldier, arrived and wanted to take Thompson from him. Ollinger was arrested on a charge of interfering with an officer.

Crawford was sent to the scene after the police department had been phoned that a soldier had stationed himself in the center of Santa Fe street armed with a shotgun and was stopping everyone who attempted to pass him. It was alleged that another soldier, who was Frank Simmons and a party of friends in an automobile. Thompson was knocked at the station on a charge of being drunk and rudely displaying a weapon, and Ollinger was charged with being drunk and interfering with an officer. The excitement was over, the gun which Thompson had, it was said, was not loaded, but this fact was known only after he had been subdued.

RANCHMAN IS LOST ON NARA VISA CLAIM

Railroad Company Sinks Second Well and Secures Excellent Water Therefrom.

Nara Visa, N. M., Oct. 17.—Excitement prevails here on account of the disappearance of a young man by the name of Felton who lives on a claim four or five miles southwest of the city.

Mr. Felton had not been seen for the last two or three days when his horse came home with the saddle and bridle on. As soon as the alarm reached town a number of men started out in automobiles and on horseback to look the country over in an endeavor to find the missing man, should he be crippled or lost and unable to get to a ranch.

Representative Marcus C. de Baca, the Progressive nominee for member of congress from this state, spoke to a large audience at the hall here. Nara Visa precinct will give Roosevelt about three-fourths of the votes, and the other fourth will be about equally divided between Taft and Wilson.

The bridge and building crew of the C. R. L. & P. is at work here this week building a new pump house over the new well that has recently been put down. They are also moving the old engine house across to the opposite side of the tracks. This makes four wells that the road has put down here and there is an abundance of pure water in each of them at a very shallow depth. This water tests 98 percent pure.

WILL BUILD DAM ON THE WEST COAST

Guaymas, Son., Mexico, Oct. 17.—A diversion dam is being put across the Culiacan river near the plant of the Amada Sugar Refineries company at Navolato, Sinaloa, for years the company has been putting in a sand dam but each time the river rises it is washed away, so now it is putting in a substantial dam of stone. The purpose of this dam is to raise the water high enough so that it will flow into the ditch.

Dr. Ben S. Smith, of Los Angeles, accompanied by W. W. Atkinson, passed through Guaymas on the way to Culiacan. Mr. Atkinson is an oil oil oil in Oklahoma, and intends to invest in some proposition on the west coast. He is optimistic regarding the future of Mexico, and expects that the oil fields are restored. Mr. Atkinson's home is in Los Angeles.

COAST STORM DOES BUT LITTLE DAMAGE

Corpus Christi, Tex., Oct. 17.—Beyond the washing out of railroad tracks and the wrecking of several small buildings, the gulf storm which raged along the southern coast of Texas caused no damage so far as reports received indicate. Rain has fallen continuously for 48 hours.

At Port Aransas one small building was blown away. At Brownsville several buildings were damaged and one man was hurt.

GREEKS PREVENT ELY MINERS WORKING

Governor Issues Statement; Is at Ely to Bring About Peaceful Settlement of Strike.

Ely, Nov. 17.—One hundred and fifty Greeks and Austrians from Kimberley and Veteran appeared this morning to prevent employees of the Nevada Consolidated Mining company, against which a strike has been declared, from continuing work at Copper Flat. The men were not put to work and the foreigners are returning to their homes.

The arrival last night of Gov. Odette has a quieting effect upon the camp. After meeting with the Ely Central Labor league he issued this statement:

"I met Mr. Lakenan, manager of the Nevada Consolidated, and offered my services in bringing about mediation and conciliation in the present dispute and requested him to have it accomplished with the idea of bringing about a settlement. He answered that the company had met the employees and that he considered the wages fair and that they are not fair his office is open to consideration of any further grievance of employees, and that in view of this he does not care to submit the matter to arbitration as requested by me.

"My duty is, and I propose to carry it out, to try and bring about a peaceful settlement and in any case to see that life and property are protected."

Under the law the governor has the right to select one arbitrator, the company one, and the men one. If the companies do not make a selection the governor may select a third arbitrator.

NEGRO OATES MUST HANG FOR MURDER

Austin, Tex., Oct. 17.—The court of criminal appeals today finally disposed of the case of Burr Oates, a negro, against from Ellis county, the court having refused a motion for rehearing.

This ends the famous litigation and means that Oates will now have to execute his crime on the gallows unless the governor commutes the death sentence, which does not appear probable.

The case has been pending in the courts for the past several years and times Oates is a negro and was convicted in connection with the killing of Sol A. Oates, a white man, in 1907. Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment of the mucous lining of the Eustachian tube. When this tube is inflamed you have a deafness of the middle ear, and when it is entirely closed deafness is the result, and this tube cannot be reached by local treatment, but it is restored to its normal condition, hearing will be restored forever; nine cases out of ten cured by Catarrh Cure, which is sold by Dr. H. COULD SCARCELY WALK ABOUT

And for Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides, and when one of those weak, sinking spells, would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them.

Try Cardui to-day.

Ugly Pimples Have All Gone

Face a Sight, But in a Short Time Stuart's Calcium Wafers Worked Wonders.

Many an otherwise pretty girl is distracted with her appearance. Poor girl! She does not know that Stuart's Calcium Wafers will quickly transform her into a perfect dream of loveliness. And many a young man with tender skin does not know that Stuart's Calcium Wafers will give him a clear, smooth skin and a sight to behold. All the face creams in the world are nothing but masks. They do not overcome pimples, but merely allow surface irritation. Skin-health must come from within. Skin-tissue is made from the blood, and as it is a tendency of nature to throw off a good share of impurities through the skin, naturally impurities gather on the surface in the form of pimples, blotches, blackheads and other eruptions. But Stuart's Calcium Wafers have a remarkable activity in the blood which seeks the skin as an outlet for its impurities. These are thrown off in invisible mist or gas, are consumed in the oxygen of the air and in a few days all imperfections of circulation and of skin-health are overcome.

All blemishes disappear and the skin becomes as clear and smooth as a baby's. Go to the drug store today—any druggist can supply them—and get a box of Stuart's Calcium Wafers. They will cost you only 50 cents but are really worth many dollars to you if your face is marred by ugly pimples, blotches, blackheads, etc. Convince yourself by actual test that Stuart's Calcium Wafers are the most effective blood and skin purifiers in the world.—Adv.
